## ADIS RENOVATION

**OLD ENTRANCE WAYS CONVERTED TO NEW  
AUTOMATIC ENTRIES**

**Cost Effective - Convenience - Energy Saving  
Reduction in dust & grime - Enhanced Modern Design**

**The AUSTRALIAN Automatic Door Company**

# THE RENOVATION OPTION

ADIS Automatic doors specialize in creating new and exciting automatic door entrances, whether it is designed at the time of the building construction or by the renovation of existing doorways to include the convenience of an automatic door.

Often these modifications can be made without the need for a building contractor saving thousands of dollars in additional costs.

## The Experienced Team

With our own specialised tradesmen ADIS can recreate a practical and reliable automatic doorway through the utilization of our experienced design team and years of practise of our tradesmen in this very technically challenging industry.

## Limitless Choice of Design

The options for design are only limited by your budget, you can chose from the countless methods of achieving an effective automatic doorway, we supply multiple types of door systems including: sliding doors, swing doors, telescopic doors, segmented doors or breakout doors.

Whether your preference is for frameless glass, fully framed or a slim look narrow framed system ADIS can provide you with the system that meets your needs and budget with the assurance and guarantee that projects designed and fitted by ADIS will be fully compliant with Australian standards for glass, framing and automatic door safety that is required by the building code of Australia.

# Options

It is common to include in an automatic door renovation an upgrade of other items such as access control and security. ADIS can provide details at the myriads of choices of access option such as high security keys, keypads, grand master key systems, swipe card readers, proximity readers or radio transmitter remote control.

Our framing systems range from general security needs to the highest levels required to deter and defend against riots, ram raids or highly organized bandits.
